# THE GOVERNMENT TESTS.

## Royal Baking Powder is Superior to All Others in Strength and Purity.

Certified Extracts from the report of Hon. E. Miall, Commissioner, and Professor William Saunders, F. R. S. C., Public Analyst, Inland Revenue Department, Ottawa, Canada, pages 4, 10, 11:

"Eight samples of baking powder have been analyzed; six were found to be adulterated, the proportion of alkaline salt varying from 10 to 60 per cent. The other two consisted of a mixture of bicarbonate of soda and pure cream of tartar without any adulterant."

"Royal. Result of analysis: contains cream of tartar, carbonate of soda; pure."

"Price's. Result of analysis: contains matter insoluble in water 24.16 per cent, consisting of starch and tartrate of lime; adulterated."

"The Royal Baking Powder is absolutely pure. It is undoubtedly the purest and most reliable baking powder offered to the public." "DR. HENRY A. MOTT, Ph.D., U. S. Government Chemist."
